THE BOYS OF SUMMER
Words & music by
Don Henley &
Mike Campbell
Nobody on the road
Nobody on the beach
I feel it in the air
The summer's out of reach
Empty lake, empty streets
The sun goes down alone
I'm drivin' by your house
Though I know you're not home
But I can see you—
Your brown skin shinin' in the sun
You got your hair combed back and your sunglasses on, baby
And I can tell you my love for you will still be strong
After the boys of summer have gone
I never will forget those nights
I wonder if it was a dream
Remember how you made me crazy?
Remember how I made you scream
Now I don't understand what happened to our love
But babe, I'm gonna get you back
I'm gonna show you what I'm made of
I can see you—
Your brown skin shinin' in the sun
I see you walkin' real slow and you're smilin' at everyone
I can tell you my love for you will still be strong
After the boys of summer have gone
Out on the road today, I saw a "Deadhead" sticker on a Cadillac
A little voice inside my head said, "Don't look back. You can never look back."
I thought I knew what love was
What did I know?
Those days are gone forever
I should just let them go but—
I can see you—
Your brown skin shinin' in the sun
You got that top pulled down and that radio on, baby
And I can tell you my love for you will still be strong
After the boys of summer have gone
I can see you—
Your brown skin shinin' in the sun
You got that hair slicked back and those Wayfarers on, baby
I can tell you my love for you will still be strong
After the boys of summer have gone

ANALYSIS

WHAM! holds on to number one by a slim margin as HALL & OATES stands the best chance of overtaking both WHAM! and PRINCE. Daryl & John score first place in total reports (253 out of possible 262) and a "Hit Factor" of 98%. TINA TURNER has fought her way through one of the year's most competitive periods and held on to go top five. LAUPER jumps from 14-5 at Z104-MADISON, 14-8 at KDWB-MINNEAPOLIS, 11-8 KAFM-DALLAS, 12-9 KNIN-WICHITA FALLS, 19-9 WIFX-JENKINS, 16-10-WHHY-MONTGOMERY, 29-11 KDZA-PUEBLO, 16-10 KNBQ-TACOMA, 15-10 KWSS-SAN JOSE, etc. McCARTNEY is the single new top ten entry on the week's chart, soon to be joined by the HONEYDRIPPERS, which currently sits at number four in overall airplay. SURVIVOR snuck up fast with a "Hit Factor" of 39% two weeks ago, and now up to 74%, and total reports up to 210, including adds at FM102-SACRAMENTO, WLYQ-NORWALK, KPUR-AMARILLO, and KFXM-SAN BERNARDINO. PAT BENATAR roars ahead with one of the hottest of the newer items. "Hit Factor" explodes from 3% to 27% as 69 stations are already charting her top twenty. REO SPEEDWAGON only a few reports away from going over the 200 mark, beginning to show their muscle, debuting at KGOT-ANCHORAGE #22, KLBQ-EL DORADO #29, WBNQ-BLOOMINGTON #28, WZON-BANGOR #27, and KDON-MONTEREY/SALINAS #25, etc. JERMAINE JACKSON joins REO as a new entry penetrating the top 30. 22 new believers, including KRNA, KKRQ, KTAW, KPOP, Y100, B-94, etc., help boost his overall report total to 199. All but one of last week's "Chartbound" records debut easily. HARTMAN first appeared on "Up & Coming" October 5th and has developed solid airplay, with 143 reports, including 16 adds. A newcomer to "Chartbound" this week and one worthy of mention is U2. This "Record To Watch" three weeks ago explodes in sales and requests in SAN FRANCISCO with KITS moving it 29-20, debuting at #30 at KWSS-SAN JOSE and adds at nearby KREO-SANTA ROSA and KHOP/FM-MODESTO/ STOCKTON. Ready to break big in the Midwest. Alternative action's number two song, "Tenderness" by GENERAL PUBLIC is about to make its move Top Forty., deserving of "Record To Watch" status. Demand is making some very sharp programmers jump on board. Added at 93Q-Houston, WFBG-ALTOONA, WQQQ-Allentown, KGBS-Greeley/Ft.Collins, KJOY-STOCKTON, KITS-SAN FRANCISCO, KEWB-REDDING, etc.

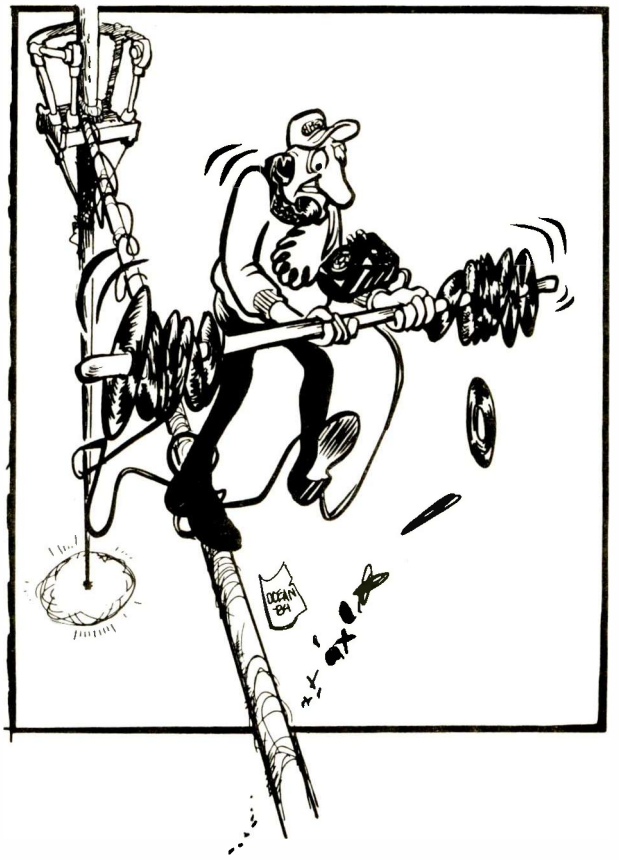
MR. ROBERTS

SIXTY THREE MINUTES



9:00 AM. Tuesday—record day. A young man sat in the reception area of the radio station thinking of the countless Tuesdays that began this way. There was always an air of excitement that attached itself to the moment. The anticipation of beating another label to the punch and getting *your* record added to the list. Seeing all the "store calls" pay off as one of *your* "hits" climbs up to a higher rotation. He had the game plan down pat. And why not? He was the epitome of a top promotion person. Great personality. Prompt. Informative. Honest. Accommodating. Nobody made a smoother transition in consistently getting a message across each week, while Radio Stations played "guess who the new PD is?" every six months. How could Today be his last day?

Looking around the room he noticed the multi-colored carpeting; American flag standing in the corner; Station call letters displayed behind the reception desk. God, he loved it!

It seemed like only "yesterday" that he proudly told his mother about going into the record business. She gave the typical Jewish mother's reply:

"You couldn't be a doctor? A salesman, maybe? Better you should work in a factory then run around with a little record in your hand."

"Ma, please, you don't understand."

9:30 AM. He never noticed the other promotion people arriving in the lobby one at a time. Most were in uniform. A satin baseball jacket with the Chicago Cubs logo, or a beat-up leather flight jacket that looked like it came out of a Hollywood prop room. The remainder of each outfit reflected their individualism, as did their leased car parked out in front of the station.

"Hey, Man, what's happening?" Like they really cared!

Funny thing is that they do. Promotion is a fraternity. There is an unpledged camaraderie and unspoken loyalty that exists between its members. This silent bond is translated to an "awareness" that orbits the record industry. No other group remains so "wired-in" to the perpetual changes that have become an accepted part of the business. No other industry demands such fierce competition in the field in an effort to get product exposed, while still maintaining a strong bond of friendship between the opponents. It wasn't that long ago promotion people played "musical chairs" within their own circle, leaving one company to join another the next day. No one noticed they were folding chairs. Now, as each is vacated, these chairs are picked-up and stored ... maybe forever.

9:45 AM. Echoes of past conversations during recent trips home haunted him as he waited quietly in the corner.

"Listen to your father, Irving. He knows."

"Ma, please. You don't understand."

Expense accounts. Travel. Freedom to accomplish goals in your own time. Good salaries. Rapid advances. Promotion is a Hell-of-a-job! How many program directors and music directors envied the position? How many made the transition from Radio to Records? Were they looking for a career ... or a cushion?

Professional promotion people learn to live with the pain of rejection. Their effectiveness depends on the strength of the product. Their reward—a string of call letters that will soon fade. They are expendable, because it is hard to place a "dollar value" on their results. And the accountants that run record companies never did understand "effort."

A certain amount of servitude goes along with the job. Demanding artists. Managers with loftly goals. Radio stations needing boxes of albums for weekend give-a-ways. Or concert tickets. Or "lines" on a coffee table. As well as being whiplashed by program directors with tight formats and shrinking play lists. After a while, the promotion person looks for excuses instead of reasons. Enthusiasm dwindles. Energy dies. There are no more mountains to climb.

10:03 AM. He stood alongside a pay phone and recited his credit card number in a monotone voice.

"Hi, Ma, its me, Irving. I'm gonna come home for a while. Yeah, well I got some things to think about. See you tomorrow. Bye."

Now she understands. ■

hit FACTOR

November 9, 1984

Hit Factor is a percentage of stations playing a record which also have it Top 20.
ie: 100 stations playing the record—60 stations have it in their Top 20—Hit Factor = 60%.

BIO FEEDBACK

TOMMY SHAW
He says there's been no official announcement regarding the future of Styx but does claim there are no plans to record as a band again.

Pat Benatar
She was born in Brooklyn, NY and grew up on Long Island. Her ambition in high school was to perform in operas.

AL JARREAU
He holds a Master's Degree in Psychology from the University of Iowa.

Jimmy Page & Paul Rodgers
A new band called The Firm, features Page & Rodgers along with Chris Slade on drums and Tony Franklyn on bass. An album on Atlantic is due shortly. An American tour is scheduled for February.

LINDSEY BUCKINGHAM
He does most of the recording for his solo LP's in the garage of his Southern California home. His garage has been converted to a 24 track studio.

U2
The band was formed by Larry Mullen and Adam Clayton in Dublin, Ireland when they were 15 and 17, respectively.

JOHN WAITE
John has been appearing on the network series "Paper Dolls," starring macho Lloyd Bridges and Dack Rambo and comely Morgan Fairchild.

TOTO
David Paich, along with his father, Marty, won an Emmy ten years ago for Best Song or Theme in a TV show. It was for an episode of Ironside called "Once More For Joey."

Joan Jett
Her original band, The Runaways (1976-78) considered her a rhythm guitarist not a lead vocalist. It wasn't until their third and last LP that Joan became lead maiden.

The Ramones
Considered founders of the American Punk rock movement back in 1975, they usually performed fifteen minute sets with songs limited to two minutes each.

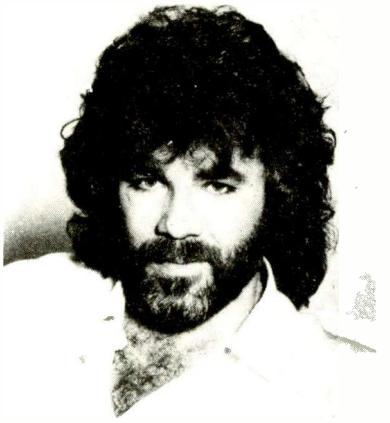
NEW EDITION
The band laid a major career foundation on Arthur Baker's Streetwise label before moving on to MCA.

Toto
They were responsible for seven Grammies at the 1983 Awards Ceremony including Album of the Year—"Toto IV" and record of the year, ROSANNA

BARRY MANILOW
His first hit, MANDY, was originally titled BRANDY, and was a song about a dog.

TALKING HEADS...
On the heels of the release of thier concert movie, drummer Chris Frantz and bassist Tina Weymouth have decided to do a brief touring stint as sidemen with the B-52's.

SHEENA EASTON
On the road with Sheena playing bass guitar and contributing vocals is Joe Puerta, formerly one-third of Ambrosia.



Gary Morris
Here's one that'll throw you. Country singer Gary Morris opened in New York playing opposite Linda Ronstadt in the opera, La Boheme. Gary plays Rodolfo as Linda portrays his love Mimi.

FAN MAILBAG

Letters have been pouring in to this correspondent with comments about our last few months of columns. One poured in just last week, so it is only decent for us to share this mail with whoever has been deranged enough to read this stuff.

Dear Tony:
The irrelevant drivel you are foisting on an innocent public each week makes me sorry I ever learned to read! I've read notes to the milkman with more wit and I resent the Gavin Report giving valuable space to your humorless tripe. If I want humorless tripe, I'll go to Musso and Frank's Grill where they serve it with cream sauce. Please arrange for my Gavin Reports of the future to arrive without your page stapled inside.
Respectfully,
Roy Kohn: Peer-Southern Music

Thanks, Roy-Boy ... It's heartwarming to receive a compliment from a man who thinks U2 should revive Winchester Cathedral.

Dear Tony:
Your column referring to Cyndi Lauper's siamese twins was very offensive to me. As a siamese twin myself, both I and my attached sister Strawberry feel that you were beating down on an already maligned minority. We demand a double apology.
Lu Fields: Hollywood

Take your complaints to Ralph Nader, Lu. Courageous journalism will not be stopped by two dissident freaks!

Dear Mr. Richland:
I'm one of those record industry trend-food eaters you so viciously insulted several weeks ago. Don't take this as a blatant threat, but I'd suggest that you think twice before turning on your ignition for the next few years.
Warmly,
Al Dinoble: Detroit Michigan

Check your oven, Buddy ... your quiche is burning!

Dear Tony:
As bird-cage liner, we've found your column very useful, but not *quite* as useful as old Art Roberts writings and Record World charts. In the future may I suggest shorter ... and for goshsakes ... FUNNIER material!
With high regard,
Arthur Braun: Dick James Music/Nashville

You're pretty cocky, Art-baby, for a guy who just learned that Paul McCartney was in another group before Wings.

Dear Tony:
I'm the lead singer with BRAINSCAN, one of the heavy metal bands you denigrated several weeks back. We feel your statements were unfair, as you've never attended one of our concerts, so we'd like to invite you to Slam Dance Harry's next week when you'll see just how dignified we are.
Cordially,
Barry Freeman; San Fernando Valley

For Pete's sake, Barry, take the safety pins out of your nose. They look ridiculous on an older person of the Bagel persuasion!

Dear Mr. Richland:
As a regular reader of your brilliant column, I can tell that you are an influential figure in your recording industry. Therefore I am wondering if you could see your way clear to send me a copy of my favorite record, 'Wake Me Up Before You Go-Go' by Wham. It's Nancy's second favorite after Tommy Shaw's 'Girls With Guns.'
President Ronald Reagan: The White House

It's our pleasure, Mr. President. After all, we just sent Mondale a copy of 'Some Guys Have All The Luck'! ■

Thanks to all of you for your continuing interest. We'll do our best to revile your ethnic group, religion, competence and validity in coming weeks.

PROMOTIONS

BETTY HOLLARS
LISA SMITH

K-HIT General Manager, Bill Jensen, revels in the $1,000,000 the station will be giving away to a lucky listener.

INSTANT MILLIONAIRE

In what's being billed as the biggest cash giveaway in Pacific Northwest Radio history, **KHIT/FM-SEATTLE** has unveiled a promotion that will ultimately pay one lucky listener $1,000,000. The contest, which broke October 8th, has a basic format. At various times during the day, a **KHIT** personality will place a random phone call to a listener who has registered, asking them to identify the items contained in the latest "prize package." Prizes include things such as televisions, stereos, microwave ovens, etc. If correctly identified, the listener wins a package and automatically qualifies for the $1 million drawing, which takes place after 1,000 winners have been named (probably sometime early next year). It's the first major promotion of the Seattle station, following its Fourth of July debut.

ULTIMATE PIZZA PARTY

WAXY/FM-FT. LAUDERDALE and Pizza Hut Restaurants offered the chance to win the Ultimate Pizza Party in Rome, Italy. The grand prize included round-trip airfare for two to Rome plus accommodations for five days in the Eternal City. Contestants entered at participating Pizza Hut locations, and the grand prize drawing was held "live"' on **WAXY/FM** on Wednesday, October 31st.

TEXAS HIT REVUE

KAFM-DALLAS, in conjunction with local television station **KTVT,** is simulcasting the hottest current music and videos from 11PM to 1AM on Friday evenings and from 12 midnight to 2AM on Saturday nights, hosted by **KAFM's** afternoon personality **PETE THOMSON.** Each two hour program will feature today's most popular videos, from **MICHAEL JACKSON** to **DEF LEPPARD** to **LIONEL RICHIE.**

TO SCALP A COWBOY

There's more than one way to scalp a cowboy, says **WASHINGTON's Q107.** They went on the "warpath" with the Redskins with a "Beat Dallas" rally on Friday, Oct. 12th, from three of DC's hottest nightclubs. Q107 rustled up great specials for the night with $1.07 Texas Chili and free Budweisers. The first 107 listeners at each club received Cowboybusters T-shirts, Cowboys Haters Handbooks, and one lucky fan won a pair of tickets to the big game between the Redskins and the Cowboys.

PROJECT: HAPPY HALLOWEEN

WCUB-AM/WKKB-FM in **MANITOWOC, WI** made this Halloween a special experience for older residents of the community. Candy donated by a local confectionary was distributed to four area nursing homes and Trick or Treaters were invited to stop in during specified hours on Halloween. The response was terrific, with over 450 kids dropping in. Interaction between the children and residents was great, which is what Project: Happy Halloween was all about. Everyone involved is looking forward to doing it again next year.

LISTENERS WIP MYSTERY VOICES

If you were to hear four celebrity voices that you could identify, how fast would *you* call to win a trip to Hawaii? Four **WIP-PHILADELPHIA** listeners had the chance to find out when **WIP** answered their call after playing snatches of voices of celebrities in groups of four, (i.e. Billy Joel, Rosemary Clooney, Bob Euker, Carol Lawrence, etc.) with the first person to correctly identify all four winning the trip for two to Hawaii. Have fun!

CORRECTION: Two weeks ago (10/26) we ran a promotion called "Heart & Lung For 6-Year-Old," and misprinted the call letters of the station doing the promotion. **WMBH** in**JOPLIN, MO** should have received the credit for the outstanding promotion. Our apologies to **DAN CASEY** and his staff at **WMBH.**

ANALYSIS

Wham! is likely to be the next number one, but will have to fight off Hall & Oates and Paul McCartney for the honor. After that it's likely to be the Honeydrippers. From the middle of the chart Jermaine & Julian have obvious single digit futures. Jack Wagner, star of General Hospital and The Gavin Report's page 19 gets CERTIFIED this week. When was the last time you saw a Dan Fogelberg ballad have a problem cracking the top twenty. Could be the first time I can think of. Chicago should be a solid chart debut next week, bringing at least Melissa Manchester along for the ride. The Chicago already has 70 stations, including a handful that didn't wait for it to spin at 45 RPM's.

SOAPING UP THE AIRWAVES

by Keith/Kent Zimmerman

"The soap operas had to modernize themselves . . . they had to update themselves and be a little bit more glamorous and more hip."

In the last three years there has been a quiet phenomenon that has succeeded in breaking hit records that the public has enjoyed outside of all the traditional channels of exposure such as radio, video, and movie soundtracks.

ABC's **GENERAL HOSPITAL** rides the crest of America's fascination for Daytime Drama—affectionately known as *soap operas* (dubbed because early sponsors were almost exclusively detergent manufacturers).

According to **MARC RATNER**, a national singles promotion person for Warner Brothers Records, a popular daytime drama like General Hospital can have "a much wider reach than motion pictures. The demographics of soap opera viewers are wider and the total audience is bigger in the long run."

Two records that reached hit status through General Hospital were **PATTI AUSTIN** and **JAMES INGRAM's** *"Baby Come To Me"* (on Qwest/Warner Brothers) and **CHRISTOPHER CROSS'** *"Think of Laura"* (on Warner Brothers

as well). The long slow road to certified hit status is as much a story as the ultimate success of both singles.

Released in April 1982, *"Baby Come To Me"* disappeared late May after efforts to cross the record over from Urban/R&B to TOP FORTY failed. Exactly five months later (October 22, 1982), *"Baby Come To Me"* resurfaced as **GAVIN Record To Watch.** The single finally peaked on the TOP FORTY chart at number two in January 1983.

General Hospital (known affectionately as **GH** by its staff) chose the song to backdrop a romance between characters. Millions of daily GH viewers were being taunted with a potential hit record.

BILL TANNER, then Program Director at Y100-Miami, was the first to react to public interest of *"Baby Come To Me."* Tanner put the record on the air, alerted the national trades, and obtained the rare distinction of singlehandedly snowballing a hit record. The single was then reserviced to retail outlets coast to coast.

Tanner encored with **CHRISTOPHER CROSS'** *"Think of Laura"* at Y100. GH featured the tune when the series featured a reunion between actors **ANTHONY GEARY** and **JEANNIE FRANCIS**. Again, the Chris Cross story bears repeating. Cross' second album, **ANOTHER PAGE** was amidst the role of a sophomore jinx in comparison to Cross' multi-platinum debut LP.

"Most of these listeners are usually very passive about the music they hear on the radio."

After "All Right," the first hit from **ANOTHER PAGE,** peaked in March of 1983, Warner Brothers balked at making *"Think of Laura"* the next single. Copies of *"Laura"* were pressed and shipped to Radio—then immediately recalled and replaced with an alternative selection which proved unsuccessful weeks later. Since then, eight months lapsed and as a result of General Hospital, *"Think of Laura"* became a **GAVIN Record To Watch** on December 2, 1983. The record eventually peaked Top Ten in February 1984.

The process of hit status for both the Cross and Austin/Ingram singles wasn't automatic. It still took a lot of work for Warner Brothers to convince the remaining radio stations that these titles were worthy of their audience's attention. "A few programmers are always quick to react to outside influences. Yet sometimes we all forget to realize that there's a world beyond records and radio," remarked Ratner.

Because both songs were ballads and TOP FORTY was, at that time, a little ballad-shy, it made things difficult in getting immediate airplay booming.

Still, the bottom line in GH's power at breaking TOP FORTY hits was that millions of daily upper demo viewers heard these songs over and over. According to Ratner, "Most of these (listeners) are usually very passive about the music they hear on the radio." However, it's well known that this audience (predominantly female 24-35 years old) is very valuable to radio advertisers. "These kinds of records can deliver this kind of audience in a very active way," said Ratner, adding, "It was also a rare and valuable demographic for Warner Brothers Records."

Jack Wagner. General Hospital's performances sparked a record deal.

Rick Springfield, Alias Dr. Noah Drake, didn't sing on General Hospital.

◆◆◆◆◆

JACK WAGNER sits on top of the world nowadays. "I get recognized everywhere I go. I can't go anywhere and not know that somebody is looking at me. But I can ignore that and have a fine time. It depends on your mental attitude."

In late 1983, Wagner was in between acting jobs after coming to Los Angeles from the University of Arizona. He finished several episodes of a cable TV soap opera followed by a few guest stints on the prime time soaper KNOTS LANDING. Then came more dues paying ... four months of waiting tables and a gig at a clothing store.

Then came the big break for a young man two years out of a college drama department. Wagner landed the role of rock singer **FRISCO JONES** on General Hospital. Through ABC musical consultant **KELLY ROSS,** Wagner's musical persona on GH came to the attention of super-producer **QUINCY JONES** and his label, Qwest Records. Wagner signed with Qwest and four weeks of work in the studio with producers **GLEN BALLARD** and **CLIF MAGNESS** culminated with the release of Wagner's debut EP. The EP featured *"All I Need,"* a ballad used heavily on General Hospital.

" *'All I Need'* came along because the character Frisco fell in love with a girl on the show, Tania. That was our theme song throughout the relationship. It ran through June, July, and August," recalls Wagner.

At first there was a timing problem. The single was released, but the connection between Wagner and the show wasn't made clear until Qwest and Warner Brothers recently reissued the single in stores with a picture sleeve. As the EP hit the stores, GH fans finally became aware that **JACK WAGNER** was indeed their **FRISCO JONES.** Major stations like Y100 and I95 (again) along with 93FM in Houston picked up the connection early. "All I Need" is currently echoing the gradual pattern of acceptance the Austin and Ingram single experienced in 1982.

On a typical day, Wagner arrives on the GH set to study 35 pages of dialogue and do a few interviews. Then there are meetings with record producers Ballard and Magness to listen to new songs. By the late

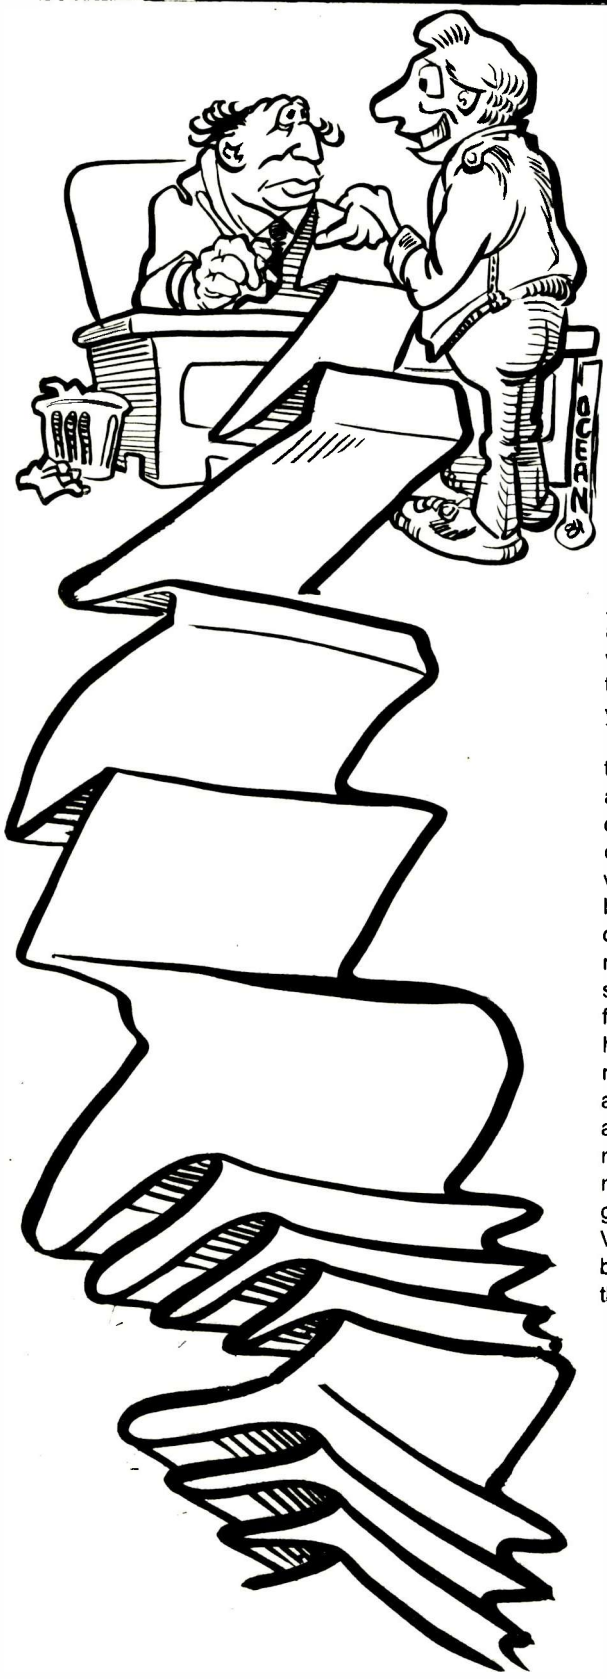
P.D. NOTEBOOK by Eric Norberg



GETTING IT DOWN ON PAPER

I mentioned that my last sequence of columns on job applications was inspired by some thoughtful comments from **CHARLIE FOX** of **KORV,** in Oroville, California. In that same conversation he touched on a subject I've never written about before in the six years I've been writing this column: Contracts. Personal service contracts of the sort that define the relationship between a station and an employee.

There are times when you, as PD, will want to get some assurance that you can rely on a job for some period of time—such as when you have to move a long distance to take an offered job; or when you are offered a salary above the market level, and are given verbal assurance that you can count on the terms of your employment for a year or two.

Of course, if *you* sought the job in the first place, you are not in that good a bargaining position to demand a contract; but if you have been sought out with a tempting offer, you many very well want to get it down on paper before making your move. If considerable trouble or sacrifice is required on your part to take the job, such as a big move, then you might be foolish not to *require* a contract. I have heard PD's tell me that they have received a super offer, with verbal assurances and guarantees that satisfy all their requirements—but the Manager resisted signing a contract that simply restated formally those assurances and guarantees. Then be very skeptical! Verbal contracts are a lot easier to break than written ones, and perhaps the Manager is making promises he/she is not intending to keep, in order to secure your services.

The kind of contract I'm talking about here is not the sort where you try to write in all sorts of perks and benefits—simply a written agreement that corresponds to what you've been promised. The station is going to pay the cost of your move? Write it in there. They're going to guarantee that good salary for two years? Write it in. They're going to guarantee to keep you for two years? Make sure you write it in. (And write in a clause to protect you if they change their minds later—such as one which permits them to fire you within the contract term, provided they do pay you the full contract amount for the term of the contract, regardless.)

I would not advise you to seek a contract if you aren't sure YOU aren't going to stay with the station, however—a contracted commitment cuts both ways, and when a station obligates itself to you to this degree, they will expect some assurances from you. The most common of these is the *"noncomplete clause;"* this will prevent you from seeking work elsewhere in the market without risking a lawsuit or a financial settlement. There may also be a financial penalty written in. But if you are making the move simply because of the inducements offered, and are the type who seeks to stay put, get it in writing. And pay a little money to a good attorney to review the agreement before it's signed and final, to make sure there isn't some way it can be breached without penalty to the station, which could leave you out in the cold. It's worth the expense! ■

NEW Releases

Get Tough/Livin' On Love/Double Life/I Play The Drums/Mercenary-DEL LORDS (Enigma/EMI) More econ/politico rock 'n' roll. From the ashes of the DICTATORS (!?) rises the DEL LORDS. Take the doom of deficit ridden city living, play some uptempo rock, and stick it in your ear. The DEL LORDS aren't angry, per se , but they're also not afraid to extinguish burning butts on the myth of the American dream. The song "Get Tough" says it all. In fact, songwriter SCOTT KEMPNER spouts a mouthful (without any noticeable malice, I might add) about paying dues and living in the USA much to the same tune (attitudinally, anyway) that SPRINGSTEEN and CHUCK BERRY do when they sing about real live human beings, not just alien beings in lip gloss and trenchcoats. If you give one record that extra hard listen, go for the DEL LORDS. With the right concentrated mobilization, they could go Top Five Alternative. After that, who knows? Album of the week.

Do It Again-THE KINKS (Arista-12") Even THE KINKS sound economical, stripped down, and streamlined. These days they have more in common with REM than REO. Producer RAY and Associate Producer DAVE....do it again. GOD save THE KINKS.

Where The Rose Is Sown/Flame Of The West/Great Divide-BIG COUNTRY (Mercury) Though much more elaborate than the DEL LORDS, BIG COUNTRY maintain the same working class roots that made their debut LP so convincingly successful. STEELTOWN is an even tempered effort that avoids the hurdles that trip up so many bands releasing their sophomore albums. In the UK, the first single was "East Of Eden", however "Where The Rose Is Sown" suits American Album Radio a little better. The opening track, "Flame of The West" is a barnburner as well.

Tell Me When It's Over/The Medicine Show-DREAM SYNDICATE (A&M) Nothing's written in stone, so to speak. That's why a persistent company that believes in their band bends the rules and releases a live booster shot. On that certain magic night, DREAM SYNDICATE's basic boogie is playing live. Recorded in CHICAGO before an REM set, DREAM SYNDICATE reiterate their position a little more torn and frayed. Incidently, the keyboardist has since exited stage left.

"Like A Virgin"-MADONNA (Sire-12") After 190 TOP FORTY adds the first week out, MADONNA is la queen of the world, just as BETTE MIDLER was to the seventies. Only CYNDI LAUPER incites more mainstream AMERICAN females to get nuts. Yet I have a feeling once MADONNA's long-held-back LP, LIKE A VIRGIN, hits the streets, CYNDI's gonna feel someone tugging on her crimson tresses. Both artists are good role models for young female listeners. I don't know why their roles on ALBUM RADIO aren't defined. The issue at hand is hit songs, major talent, and big voices. No wimps here.

SEXCRIME(1984)-EURYTHMICS (RCA-12") Another major female front person is ANNIE LENNOX of EURYTHMICS. She's also talented, visual, and way ahead of her time. This one is from the GEORGE ORWELL 1984 movie soundtrack starring RICHARD BURTON's last appearance (finally, no more bad movies). 1984 (the movie) should hit the streets just as 1984, the year, slips away (or is 1984, the era, just beginning?).

ANALYSIS

GAVIN INDICATOR STATIONS lead the way by making U2 number one for the fifth week. However JULIAN is knockin' on the door. It was an outrageous week for debuts. Big chart debuts - BRYAN ADAMS at 6, PAT BENATAR at 8, DURAN DURAN at 12, FRANKIE at 15, TOTO at 24, PLANET P at 34, KINKS at 35, ALPHAVILLE at 36, GIUFFRIA at 37, and BRUCE COCKBURN redebuting with a rocket at 39. Big movers also include DON HENLEY and J. GEILS. PAT BENATAR also debuts as the very first female POWER TRIO contestant...a strange week, in that all debuts onto the ALBUM PAGE went straight to the chart, bypassing CHARTBOUND... speaking of U2, MTV ran an excellent feature showing the making of the LP inside that castle on the cover. Lots of footage of conceptualist/producer BRIAN ENO at work...Interesting reading is this month's ESQUIRE, covering the stem to stern signing of THE RESTLESS (remember their recent LP on MERCURY?) from BUFFALO. The world of journalism takes an outside, moderately unbiased look at the music biz...PRETTY PERSUASION DEPT. I had to laugh at MICHAEL "MAD DOG" PLEN's letter inside the REM/LET'S ACTIVE package. It frantically reads, THERE'S NOTHING WEIRD ABOUT THIS SONG! YOU JUST GOTTA LISTEN! THESE 2 SONGS REQUIRE LISTENING!!! Cheer up, MAD DOG. This week's TOP FORTY Record to Watch is GENERAL PUBLIC's "Tenderness" showing let's activity...ISLAND's REGGAE GREATS series should win a GRAMMY or an OSCAR or something. The TOOTS & MAYTALS package ranks as the finest."BEST OF" since COLUMBIA's BEST OF LEONARD COHEN...I mentioned RICK SPRINGFIELD's tribute to BRUCE SPRINGHEIMER last week. Seems SPRINGFIELD is disavowingthe side recorded during his lean years on CHELSEA RECORDS (which I remember). Meanwhile a battle ensues...The 12" on ELEKTRA by SPK was a surprise. This band has come a long way since their early clangy industrial noise days. What did SPK originally stand for? SURGICAL PENIS KLINIC. I kid you not...ELVIS (PRESLEY, for you children) would have been 50 had he cut down on the seconals and the fried peanut butter sandwiches. RCA is reprinting all the classics in original picture sleeves pressed in gold colored vinyl. There's also a box of rarities plus a single LP of original rockers. Give em a spin and turn on a new generation to the original REBEL... The new GAVIN cover art is at the approval stage. Some cool cover stories/interviews will emerge as a result, you'll see... now they send us books. DOUBLEDAY/ ROLLING STONE PRESS is releasing a gorgeous book on BOB DYLAN by English writer JONATHON COTT. 200 photos of which 25 are full color...

...Bye for now and I'll talk to you next week. KZ

Photo finish for number one with U2 getting the nod by an eyeblink. U2 airplay is still very high but POWER TRIO records GENERAL PUBLIC and the RAMONES are still growing. Both of these have the potential to overtake U2 in coming weeks.

Last week's CERTIFIED, XTC enters our POWER TRIO with an impressive move into the top five in only three weeks!

Don't be deceived by LET'S ACTIVE and the dB's downward movement. Both records are receiving solid play, but are being held down by other newcomers (i.e. RAMONES and XTC).

UB40 are awarded the CERTIFIED medal, catapulting into the top ten in just three weeks. The band's flirtation with commercial acceptance hasn't deterred Alternative stations.

DEVO raised many eyebrows with bold gains the first few weeks. Airplay is now clearly focused on the Hendrix cover, "ARE YOU EXPERIENCED".

Our most added, FRANKIE GOES TO HOLLYWOOD, does an about-face, reversing a downward trend. Anticipate a huge move next week as many adds convert into rotations. It will be interesting to watch how commercial acceptance of the record will - or will not - affect Alternative airplay.

LOS LOBOS (MOST ADDED last week - and second MOST ADDED this) and BIG COUNTRY are other potential pole vaulters. Peter

ANALYSIS

A second week with MERLE HAGGARD & JANIE FRICKE as the Certified only accentuates the positives of requests, station chart movement, and sales. Although JOHN CONLEE (25-17), REBA McENTIRE (26-18), and DEBORAH ALLEN (36-28), are also impressive, nothing shows the immediate impact of "A Place To Fall Apart".

GAIL DAVIES being Certified won't surprise those who check their request log. As predicted, calls for THE JUDDS are outnumbering any other requests two to one and the pattern won't yield for weeks. If we asked for your Top Four requests, GEORGE STRAIT and GEORGE JONES would have an even score. CHARLY McCLAIN, FRIZZELL & WEST, and MOE & JOE lost the driving force needed to continue climbing. The drops were hard and fast for DON WILLIAMS, LEE GREENWOOD, and EXILE, and they pushed WILLIE NELSON,THE WHITES and STATLERS off to give space for debuts. The OAK RIDGE BOYS, T.G.SHEPPARD, and CONWAY TWITTY were the obvious choices to join the 40 best. Action sides stats show some key stations have dropped "Restless Heart" by JUICE NEWTON. KEITH STEGALL is still hanging-in there. After several weeks of "being there", SAWYER BROWN gets a good push. The six new Action Sides should freshen your extras with their diversity.

(Continued from page 20)

afternoon there are more interviews and then it's back to GH for rehearsals and final shots. By the weekend, it's time to lay down vocals for the upcoming album.

For almost three months, Wagner has rehearsed a touring back-up band. He's "very prepared for what could happen" and keeps close tabs with Quincy Jones over the progress of the new album.

Wagner describes the upcoming album as being "all on a new rough edge ... coming at you hard rock now. We have a ballad and also have contemporary pop things." Obviously, Wagner is keen on crossing over to ALBUM RADIO in addition to accommodating TOP FORTY and ADULT CONTEMPORARY.

Does the comparison to **RICK SPRINGFIELD** bother Wagner?

"It doesn't bother me. What's the big deal? He was an actor and a singer and I'm an actor and a singer. We both happened to be on the same TV show. There's no way you're going to get around it at all."

Perhaps Wagner's biggest challenge is handling both a hit record and his role on GH. He responds quickly, "The priority is General Hospital because I would have nothing without them and I would always be loyal to that commitment. I don't know what it's going to do to me emotionally and psychologically. I'm a pretty even-tempered guy and I take things in stride."

◆◆◆◆

Wagner attributes the success of daytime drama to the fact that "they're casting younger people now ... and I would guess that the writing is more realistic to what's happening in younger people's lives."

GH's success ratio at breaking hit records doesn't surprise Wagner at all. "Are you kidding? With ten million people a day watching and they hear a song on that show, then they hear it on the radio? Those are all fans, buying public. It makes perfect sense to me."

Marc Ratner agrees. "A record like 'All I Need' can deliver an adult demographic that is very hard (for broadcasters) to get. The adult demographics are most important for Radio because that's what advertisers want."

"They like what they see on TV, they like what they hear. It's the promotion someone in rock 'n' roll would want to get," injects Wagner.

Jack walks a career tightrope between his record label and General Hospital. Yet he figures if his music takes off, that will also help the popularity of the show.

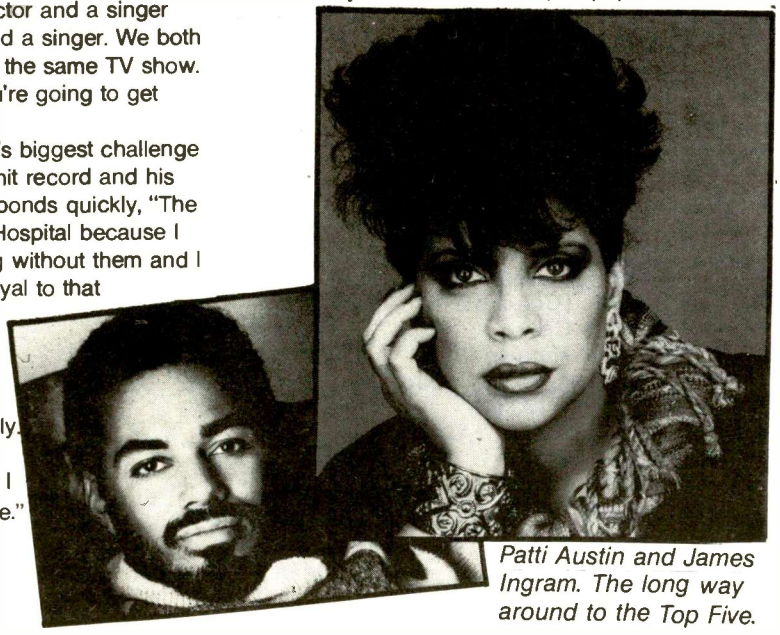
Still, can Wagner juggle a career in both music and acting?

"We're gonna find out," Wagner cracks confidentially.

◆◆◆◆

Like radio stations, daytime drama requires an on-hand music director. **DAVID DUTCHER** worked as a music director for the ABC soap opera **LOVING** before moving on as Music Director/Coordinator for the syndicated series **LIFESTYLES OF THE RICH AND FAMOUS.**

With Loving, Dutcher was in charge of all music and scoring decisions. Many times he would inject popular TOP FORTY hits to embellish the dialogue of the actors. Because Loving takes place on a college campus, the producer relied on his knowledge of current hit records. Dutcher cites a scene where **CYNDI LAUPER's** "Money Changes Everything" was used as background music in a scene with two college students discussing their inheritance.



Patti Austin and James Ingram. The long way around to the Top Five.

Music plays a key role on the set of a soap opera. "It's very important. It's very subconscious. Music is something you shouldn't notice. It should be so perfect it doesn't take away from the acting ... the music should blend in. It can make or break the scene."

Dutcher also works with a composer to come up with a complete instrumental score. "It's like taking an entire Beethoven symphony and dividing it up into each different segment and each different mood. You have two and three-second pieces of music of different variations. You have to cover every mood imaginable ... from someone turning into a psycho killer to a tender love scene."

"Every soap opera has a complete score and there's a 'music cue library' of 500 to 1000 pieces of music ranging from two seconds all the way up to a minute and a half. You put them on cartridges." All of the music is pulled from the music cue library live on the set for final tapings.

A television music director like Dutcher works with engineers on the live set of a soap opera. Because of strict union regulations, Dutcher must let his engineers be his hands in dealing with the fades and cues.

Dutcher is convinced that ABC leads the way in having the best produced soap operas in the country. "Within the last two years ... at ABC there's been a major shakeup of producers. They've gotten brand new producers to boost the ratings and change the outlook of the show. The soap operas had to modernize themselves. I think with the prominence of such shows like **DYNASTY**, they had to update themselves and be a little bit more glamorous and more hip."

Dutcher cites guest appearances by artists like AL JARREAU on daytime programming as an easy effective way to reach an older monied demographic. "It's good exposure. You've got millions of people per day watching."

◆◆◆◆

Major networks are enjoying tremendous financial reward thanks to daytime drama. Shows like General Hospital draw lucrative advertising revenue because of the loyal millions of prime demographic viewers. Also, soap operas are generally owned outright by the network—eliminating middlemen like production companies. It can be said that one week of ad revenue from a highly rated soap opera like GH can easily pick up the tab on that week's worth of national news, sports, and special programming.

Soap opera crossover successes like **PATTI AUSTIN** and **JAMES INGRAM, RICK SPRINGFIELD, JACK WAGNER,** and **CHRISTOPHER CROSS** remind us that the American public can pick up on music in the most routine and subliminal ways. Marc Ratner wondered out loud, "Are these records telling us that maybe we could be doing a better job of reaching that elusive passive majority." ■

ANALYSIS

Our "Certified" entries contain one old story and one new story. The SOS BAND has been around a lot longer than its counterpart, JERMAINE STEWART. They both had such a tremendous week, SOS debuts on our chart at a remarkable #15, while JERMAINE STEWART takes a big gain from #24 to #17. They are such outstanding records that it was hard for some stations to decide which one to jump the highest. "Chartbusters" go to two more of the same - one old and one newer. MTUME's "C.O.D." has been with us for quite some time, both as a programmers' LP cut selection and then the inevitable single after "You, Me, & He". MIDNIGHT STAR, on the other hand, has come out of release just two weeks ago and already debuts on the chart at #27. The second release from Prince's protegee, SHEILA E., "The Belle Of St Mark" makes the "Pop Crossover" position with the Top 40 stations in our publication giving it a total of 136 reports. It's such a new entry, most of those are new adds and ons, but our illustrious editor of that section claims it will be BIG. Most of you ask me about the newer product each week, so as far as they go, after the two most obvious listings in "Most Added" (MADONNA and SHEILA E.) here's how they look: KOOL & THE GANG's newest could go pretty far before the end-of-the-year Christmas sales rake in; those of you who have been wondering whatever happened to OLLIE & JERRY, they've boogalooed back with a new single, "Electric Boogaloo"; and the GAP BAND's latest "Beep-A-Freak" doesn't let us down (some station MD's added it so they could say the title on the air). All three seem destined for greatness before or during the holiday madness in the stores, so keep your eyes on the next few weeks' releases as we wind down for the boring release weeks of December.

PERSONAL PICKS

RICK SPRINGFIELD WITH RANDY CRAWFORD-TAXI DANCING (RCA)
Wintertime and the music gets romantic. This duet teams rocker Springfiels with the classy vocal of Randy Crawford and can't help but broaden the appeal of both artists. Expect it to fare well through the holidays.

KOOL & THE GANG-Misled (DeLite/PolyGram)
Major change in direction at just the right time. Try out your audience and see if anyone could identify the artist correctly? If you're like me you'll find yourself lovin' this record more and more each time you play it.

PHILIP BAILEY (duet with Phil Collins)-EASY LOVER (Columbia) Imagine...two duets on the picks page this week! Like Rick & Randy above, here's another unlikely pair. Certainly more like a Phil Collins/Genesis record than an Earth Wind & Fire which must have something to do with the fact the LP is a Collins production. Don't let this fine piece of work slip by.

RON'S PLACE

KPRZ, sister station to KIIS/FM in LOS ANGELES, is abandoning its Hot Hits of Your Grandfather's Life format on January 1st. At that auspicious time, portions of KIIS/FM programming will be simulcast on KPRZ. Expected to be included are the RICK DEES morning show and RON O'BRIEN'S afternoon drive show. Departing KPRZ will be Sweet DICK WHITTINGHILL and GARY OWENS.

KPRZ was reportedly billing almost $7 million dollars annually under its current format, so you can bet that they expect even bigger things to come with the merger.

*****

A merger of another color was called off this week as the proposed wedding of POLYGRAM and WARNER COMMUNICATIONS collapsed seven months after the FEDERAL TRADE COMMISSION protested that the proposed merger would have substantially reduced competion. Industy extimates had placed the WCI/POLYGRAM unit with a 26% share of the record distribution market. The same estimators credit the current market share leader, CBS, with a whopping 25%. It doesn't take a rocket scientist to figure out that the two giants, CBS & WCI/POLY, would have controlled 51% of the market between them.

The LOS ANGELES TIMES reports that the WCI music divisions showed a net income of $57.4 for the first nine months of this year compared with $36 million for the same period last year. All this despite a net loss for the whole corporation of more than $382 million. Sounds like the records & publishing people are proping up the other divisions.

ALBUMS OF THE WEEK

November 9, 1984

Welcome To The Pleasuredome-Frankie Goes To Hollywood (ZTT/Island) If your playin' Frankie Goes To Hollywood you're probably a music leader in your market. On the otherhand, if you're offended by creative expression and haven't even sent TWO TRIBES down to the boys in the lab for a spectrum analysis (aka passive research) then you probably take your lead from the latest K-Tel TV commercial. The singles, RELAX and TWO TRIBES are two of the world's most sold singles in 1984. The album, a double set, is their first and is already experiencing extraordinary advance sales orders, even in the yet-to-be-blown away United States. The album's spectacular production and its bounty of surprises captures the five Frankies at their most outrageous and impudent potency. The process of getting hip to Frankie will grow from its current cultdom to massive proportions as they and their label braintrust plot the invasion of '85. Beyong the innocence of the Beatles, the pugnaciousness of the Stones, the vulgarity of the Sex Pistols and the pseudopolitics of The Clash, Frankie Goes To Hollywood is style, substance and sense of serendipity. A couple of times I thought that Trevor Horn had produced them into a corner, only to have them rise above it all. From the opening Wagnerian prologue, through the angry love songs and stressed folksongs, right up to the abrupt and all-too-soon album's end when Frankie say "No More", "Pleasure Dome" is a geodesic wonder.

Tropico-Pat Benatar (Chrysalis) Probably the two professions in which women may have the most difficult time maintaining their femininity are politics and rock 'n' roll. In the politics of rock 'n' roll Benatar is an incumbent of unquestioned credentials and has neither been trapped in the gender nor self-exploited. "Tropico" is her most mature reflective/effective set in five years of recording. The first single, WE BELONG, has gone Top 20 in less than a month. (Only a handful of hits do that in any year.) Backing that single up will be a host of divergent tracks from "Tropico". To Pat's credit, no two sound alike. Pop & Rock radio should be able to dip deeply and, as is typically the case with the Chrysalis roster of artists, the dipping is likely to span many months. WE BELONG, TAKIN' IT BACK, PAINTED DESERT, THE OUTLAW BLUES, DIAMOND FIELDS.
